Digital Museum
Galleri Nor

The Image Library contains photographs from the early Norwegian 1850s portrait photographers, but also documentation from contemporary Norway. The Image Library gives a view of Norwegian everyday life, heritage and culture. The Image Library consists of both professional and amateur photographers, small and larger collections. The photographer Anders Beer Wilsø (1865-1949) is the most well known. He documented nature, culture and everyday life in Norway through photographs during the first half of the 1900s. A large part of our collections are available in our Digitale Catalogue.

Norsk Folkemuseum (The Norwegian Museum of Cultural History)

Opening hours
Every day 10-18
